Mission E – Vehicle

Poster Presentation on topic 'e-Vehicle is future of automobile'

The government of India wants to be 100 % electric vehicle nation by the year 2030. This mission is critical for India to reduce fossil fuel consumption and mitigate emissions. Keeping the same objective in mind, an Institute level club of students, '**Mission E – Vehicle**' have formed with the title **S' Sparx**, in which students are going to manufacture retrofitted electrical bikes.

To impart the head start of this club and to create awareness amongst youths towards E – mobility with more innovations and technologies, an competition of Poster Presentation on topic '**e-Vehicle is future of Automobile**' have been organised. For this event a committee of students has been formed under guidance of Prof. Dr. S. D. Suryawanshi (Event Convenor and Head of Mechcanical Engineering Department) Prof. A. T. Chaudhari (Faculty Advisor, Mechcanical Engineering Department) in which 8 coordinators and 6 volunteers are involved for different tasks like printing, campaining and registration, event management, decoration, reception, anchoring, hospitality, media publishing.

From Printing of banners, students have done campaining in various institute for registration and participation in this event. Participation involves separate categories for higher secondary students and under graduate students. Total 14 group of students are actively participated in this competition.

Inauguration ceremony was held at college auditorium at training and placement department with special appearance of our honourable principal Dr. Hitendra D. Patil alongwith Dr. P. P. Deshpande (Professor, Mechanical Engineering Department, COEP, Pune) and Prof. Chetan Patil (Professor, SSVPS's Science College, Dhule). Prof. Dr. S. D. Suryawanshi presented the preface and outline of this event whereas Principal Dr. Hitendra D. Patil has announced commencement of this event with different future activities planned in institutes. Prof.Chetan Patil acknowledged the importance of this event topics and Dr. P. P.Deshpande had delivered an speech to students to boost the excitement of participants.

Dr. P. G. Gadhari (Head of Mechcanical Engineering Department, SMDR Government Polytechnic, Dhule) have done an important role as judge to evaluate all posters. Prof. A. T.Chaudhari and Judge as a Evaluator panel declared the results.

In Validictory function it was honoured to have a chief guest as Dr. R. G. Wadekar (Principal, SMDR Government Polytechnic, Dhule), where winners and runner-ups are awarded with cash prizes and certificates. Dr. R. G. Wadekar had adressed students about new challenges opportunities in Automobile Sector and at the end Prof. A.T.Chaudhari, Faculty coordinator of this event had concluded ceremony with his thanking quotes.

Prizes were awarded as follows:

- 1) Gujan Yogesh Bholene (1st Prize worth Rs. 2500/- + Cerificate)
- 2) Shruti Shyam Vispute (2nd Prize worth Rs. 1500/- + Cerificate)
- 3) Vaishnavi Sunil Patil and Bhagyashri Sunil Patil (3rd Prize worth Rs. 1000/- + Cerificate)
