EXPERIENCE

Coding & Robotics Trainer Edugenius , Mumbai — Coding & Robotics

06/2025 - Present Shirpur

Company Description

- Teach Coding and Robotics to Grade 1–9 students at Mukesh R. Patel English Medium School, Shirpur.
- Conduct hands-on programming and robotics sessions, introduce basic coding concepts, and guide students in activity-based projects.
- Develop interactive lesson plans, prepare students for exhibitions and competitions, and support slow learners with simplified explanations.
- Independently manage classroom activities, encourage teamwork through group projects, and track student progress with regular feedback.

Assistant Professor Thakur Shivkumar Singh memorial college

03/2020 - 04/2021 Burhanpur

Company Description

- Taught B.Tech students from 1st to 4th year in Computer Science and Engineering subjects.
- Designed and delivered interactive lectures, lab sessions, and real-world examples to improve engagement.
- Guided students in assignments, mini-projects, and exam preparation, improving overall performance.
- Conducted coding fundamentals sessions (JavaScript basics, OOP concepts, logical programming).
- Mentored slow learners and simplified complex topics to ensure clear understanding for all students.
- Created high-quality PPTs, notes, and practical learning materials for better concept clarity.
- Maintained effective classroom management and supported students in academic and technical growth.

EDUCATION

Master of Technology (M.Tech) Lovely Professional University

08/2015 - 08/2017
